

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?

Does

What behavior have we observed?
What can we imagine them doing?

Awe.the forest
can create such
an incredible
sense of awe

Calm simply
spending fine
in the forest is
a natural
therapy

Excitement, Curiosity

Those where
the tree
canopy density
is to percent or
above

If was a land
of rivers, of
mountains
and of dense
forest

Having
parts that
are close
together

Those where
the true canopy
density is to per
cent or above

Thus with
such high
exposure to
sunlight .

Equatorial
forests,finland.

Humans to
understand the
world through the
perspectives of
other than
humans

Perceiving their
environment and
making devied
changes in
order to thrive

They can
still feel
what's going
on.
