

CIA RODRIGUEZ

DENSE FORESTS

CIA RODRIGUEZ

A JUNGLE
THICK WITH
TREES OR
AMASSING
TREES
THRIVING
EXTREMELY
CLOSELY
TOGETHER

*A biome that
contains as
innumerable
number of
large oak
trees*

*forested areas
where the
canopies of the
trees are
touching*

*Tropical Deciduous
Forest are less dense
compared to Tropical
Evergreen forests*

*It contains
millions of
species,
most of the
still
undescribed*

*Scientists
have
discovered the
world's oldest
forest in an
abandoned
quarry near*

*The first forest
reserve of India is
the Satpura
National Park*
